

Walmer Bridge Day Nursery

Admissions and Settling In

It is our intention to make our Nursery accessible to children and families from all sections in the community. In order to accomplish this we,

- Advertise in all areas.
- Arrange a waiting list.
- Describe the Nursery and its practice in terms, which make it clear that anyone is welcome.
- Monitor the gender and culture of children to ensure that no accidental discrimination is made.
- Make our equal opportunities widely known.

Walmer Bridge Day Nursery endeavours to ensure a smooth transition for both parents and children from home to nursery.

Each child and parent will be invited to the nursery before his or her start date, for a series of taster days. It is requested that their parent/carer or legal guardian accompany the child for at least three visits of approximately one hour each.

Each child will be allocated a key person who will co-ordinate and conduct these sessions to enable parents and children to build up a positive relationship before that start date.

The taster days are completely flexible and can be increased dependant on the needs of the child.
